Dear Piers

Congratulations - I am writing to confirm that your application to the Community Infrastructure Levy Neighbourhood Fund (CILNF) has been approved. Please note that there is a condition attached to your grant as follows:

£29,545 over 12 months towards the creation of the Fleet Street Heritage Information Wall at the junction of Bouverie Street and Fleet Street.

Condition: £16,040 grant funding towards the manufacture and fixing of the Heritage Information Wall tiles be released on the condition of receipt of approval and sign off of all related planning conditions (re planning application Fleet Street Heritage Wall number 24/01325/FULL)

Next steps

A revised grant offer letter will be sent out to you shortly by my colleague, but please note that **no grant funds can be spent until the grant offer letter is signed and returned**. The next steps are:

- Your Chair or Treasurer should **sign and return your grant offer letter** by scanning and sending it to grants@cityoflondon.gov.uk via email.
- Log in to the Central Grants Unit's online portal to **complete a Grant Payment Details form**, which will be in your to-do list.
- After completing this and if you are a new grantee (or if you have received a grant from us in the past but your bank details have changed), our data team will contact you via phone to confirm your bank details and set your organisation up as a supplier on our system. Supplier creation can take up to a week, so please bear that in mind when requesting your initial instalment.

Payment scheduling

Before releasing a grant payment we need to confirm with you that you are happy with the suggested grant payment schedule for the revenue elements of the grant £13,505. We usually release payments in equal quarterly instalments, but this payment schedule can be altered for projects that have large upfront or irregularly timed costs. I have outlined a suggested schedule or suggest an alternative schedule for consideration that would better suit the project.

Grant - Year One November 2025 to October 2026 Total Grant £13,505

1/11/25 £3,376.25

1/2/26 £3,376.25

1/5/26 £3,376.25

1/8/26 £3,376.25

£16,040 grant payment in relation to the capital elements of the project (manufacture and fixing of the tiles) which will be released upon satisfactory completion of the grant condition outlined above and payable on receipt of proforma invoice/s or invoice/s.

Draw down of funds

Please notify me if there is any delay in your agreed project start date and initial draw down of funds. Where a grant has been awarded for revenue expenditure, applicants have up to one year from the date of the grant letter in which to begin to draw down funds. Where a grant has been awarded for capital expenditure, applicants have up to two years from the date of the grant offer letter in which to draw down funds. Please note that the grant offer may be revoked where the grant is not drawn down as outlined above unless an alternative timescale has been agreed in writing.

Grant monitoring and reporting

It has been a pleasure to work with you over the course of the assessment process and I will continue to be your Funding Manager for the duration of the grant. Please feel free to **contact me at any time if you have a query about your funding**, encounter challenges or want to share any successes. In line with funding best practice, the Central Funding & Charity Management Team (CFCMT) only requires a project update and review once each grant year. This is referred to as the **Impact & Learning Report** which is available on the funding portal for you to start to complete whenever you are ready. We will send you a reminder one month before your grant year ends and the completed I&L report will be due for submission one month after the end of your grant year. Release of the subsequent year of grant payments will be subject to successful sign off of your previous year's I&L report. As part of this review, you will be asked to report on any grant underspend and be offered the opportunity to suggest how this underspend could be carried over to the next grant year to deliver the outputs and outcomes outlined in the original proposal. Please note that any such underspend and its subsequent deployment must be agreed with your Funding Manager and underspends may be requested to be returned.

Conditions of grant and reporting any significant organisational issues and/or changes to the funded project

I am sure that your project will run smoothly, but even the most well-planned projects and organisations encounter unexpected issues and challenges. **As your project progresses, please make sure you inform me of any organisational issues, project delivery changes or external challenges that arise** so that we can work together to find a suitable solution. The full terms and conditions of your grant are outlined in your grant offer letter, but I would like to draw your attention to the following important clauses:

- 2.6 We will tell you in writing as soon as possible of any **investigation concerning our organisation, our trustees, our directors, our employees or our volunteers** carried out by the Police, Charity Commission, Fundraising Regulator, HM Revenue & Customs, or any other regulatory body which would impact upon that individual's or our responsibilities for charitable funds. We will also inform you of any **serious internal incidents** identified that we are duty bound to report to the Charity Commission or Fundraising Regulator as set out in their published guidance.
- 3.1 We agree that the grant is made only for the purpose agreed by the City of London Corporation and we will **use the grant exclusively for the project**. We will hold any unused part of the grant on trust on your behalf at all times and we will repay any unused part of the grant to you immediately upon request.
- 3.2 We will get **written agreement from you before making any change to the project, or to its aims, structure, delivery, outcomes, duration or ownership**.
- 4.4 We will inform you as soon as possible of any **projected or actual underspend in the grant**, and we understand and agree that you reserve the right to claim back any such underspend or to readjust grant payments accordingly.
- 6.2 We will tell you immediately in writing if we anticipate there is to be **any variation to or decrease in the project outcomes**; or of **any financial or other difficulties** which are capable of having a material impact on our effective delivery of the project or compliance with this grant agreement.
- 7.1 (e) (ii) It is the City of London Corporation's intention that the grant will be paid in full. However, we understand and agree that the City of London Corporation may at its discretion withhold or suspend payment of, and/or require repayment of, all or part of the grant if our organisation, any member of our governing body, employee or volunteer: has taken any actions which, in City of London Corporation's reasonable opinion, **bring or are likely to bring the City of London Corporation's name or reputation into disrepute**.

If you have any questions now or as your project progresses please do not hesitate to contact me.

Once again, many congratulations on your award of CIL Neighbourhood funding!

With best wishes

Sheena
