

# Pedestrian Courts in Fleet Street

## Plan of Fleet Street

Fleet Street has several very old, narrow courts, mostly on the north side. Many lead to other streets and have pavement plaques explaining their history.

The diagram below shows the order of the courts and side streets as you walk uphill from Ludgate Circus to Temple Bar. The side streets are in capitals. The widths are given in metres to show how narrow the courts are.

|                         |                            |
|-------------------------|----------------------------|
|                         | Bell Yard 6.7m             |
